GREEK SHOE-SHINING TIP CASE NEAR END

Rebuttal Testimony Will Be Heard This Morning, Then Instructions to Jury

INTERPRETER CALLED

He Translates Contents of Letter Said to Have a Bearing On Case

The day in circuit court Monday was taken up with the trial of the suit of Thomas Polites vs. Martin Barlin, and when the hour of adjournment was reached, practically all of the evidence had been heard.

Rebuttal testimony will be heard upon the convening of court this morning when the jury will be instructed and the arguments of the attorneys made. The suit is to enforce the payment of the sum of $1,188.75, alleged to be due the plaintiff for tips received while shining shoes in a Main street shoe shining parlor.

The parties to the litigation are Greeks, and in the trial of the case the court called in Gus Callagis, a Greek, to interpret to the jury the contents of a letter written in Greek bearing upon a settlement of the matter.

In a former hearing of the case Judge Kerr sustained the demurrer to the amended petition to the plaintiff, and the latter refusing to plead further, the case was dismissed and the points at issue carried to the Court of Appeals which ruled that the plaintiff, if he was paid tips, had a right to recover the amount, which is the principal issue presented to the jury, the amount for services having been adjudicated. R. C. Rives and J. B. Shannen represent the plaintiff. Judge Geo. C. Webb and W. E. Nichols represent the defendant.

County Court Orders.

An inventory and appraisemtnt of the assigned estate of Frank L. Moores, a South Broadway grocer, was filed with County Clerk Theo Lewis Monday. The inventory shows the stock of goods valued at $390.28 and book accounts valued at $125.92. A statement of the liabilities of the firm was also filed showing an indebtedness of $1,471.32, of which amount $432.12 is due the estate of James Smith by Moores, as administrator.

Thomas Donlan was ordered admitted to the County Infirmary.

Claud North was granted a renewal of his license authorizing him to sell liquors at the corner of Corral and Deweese Streets.

Deeds and Transfers.

Nannie J. Hurst to Susie H. Norman, for $25 and other considerations, lot on the southeast corner of North Broadway and Elsmere Park and all her right, title and interest in a tract of land located on the Lemmons Mill pike, containing 400 acres.

SPECIFICATIONS MADE FOR CITY EXAMINATION

Mayor Cassidy Receives Important Paper From the Auditor's Office

WILL GO TO EXPERTS

To Be Used In Getting Bids for Investigation of Administration Books

Mayor Cassidy yesterday received from Mr. John F. Fitzgerald, of the Auditor's office, specifications suggested upon which expert accountants to be employed by the new commission to examine the city's books at the first of the year for a period of five years, or from January 1, 1908, to January 1, 1913.

Mayor Cassidy is anxious that the contract be let in time to get the investigation started promptly in January and finished by July 1, if possible.

Any number of experts have written from other cities offering to do this work, and some of the best known accounting firms have asked to have bids considered.

It was realized by the members of the new commission that it would be difficult to arrive at what should be a reasonable and proper compensation for the work unless written specifications were prepared, nor would it be fair to ask for bids on the work unless bidders knew exactly what they would be expected to do.

Therefore at the first informal meeting or conference held by the new commissioners in Mayor Cassidy's office several weeks ago, Messrs. Waller Hunt and K. G. Pulliam were appointed a committee to draft suitable specifications and with the assistance of Mr. Fitzgerald, the following will be submitted for examination, discussion and adoption by the commission either the latter part of this or the first of next week:

SPECIFICATIONS FOR EXAMINATION OF RECORDS OF THE CITY OF LEXINGTON, KY., FROM JANUARY 1, 1908, TO JANUARY 1, 1912.

BUSY DAYS FOR CLERKS AT THE POST OFFICE

Christmas Rush Promises to Be Unusually Heavy

The clerks and other employes of the local postoffice are busy with the extra volume of holiday business, though the busiest season is still several days off. Additional matter pertaining to the parcel post law, which goes into effect January 1, is being received daily at the postoffice.

The latest to arrive were the rate map and tags that will be used in sending parcels. The rate map simplifies the card for the employes as with the assistance of a guide any city may be quickly located by a certain number and the amount of postage ascertained without any figuring. The map is divided into zones upon which a graduated system of rates has been arranged.

The regular stamps cannot be used for the parcels and some difficulty is expected on this score, as persons not acquainted with the law will try to use the other kind of stamps. The law also specifically states that the return address shall be written plainly on the package.

Man Coughs And Breaks Ribs.

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonsful ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure its a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumption today, if I had not used this great remedy." Its guaranteed to satisfy, and you can get a free trial bottle or 50-cent or $1.00 size at all Druggists. ***

More Prosecutions Against Milk Men and Grocers In Louisville

Following the recent prosecutions of grocers and dairymen in Magistrate Flerry's court in Louisville, by R. M. Allen, of the Experiment Station, there will be twenty more cases against Louisville dairymen, for watering milk and eight more against grocers for unclean bread boxes.

The refuse composed of dirt particles, glue-smeared label papers, insects and various other sorts of trash collected by Walter Scheppelman filled ten jars. These collections were examined by Dr. W. R. Pinnell.

The prosecutions for watered milk are the result of systematic inspection in Louisville. The milk was inspected by Mr. J. W. McFarland and Mr. E. S. Worthington, and the chemical examination was made by J. O. LaBach and Dr. R. N. Masson and the Bacteriological examination was made by Dr. W. R. Pinnell, of the Lexington Experiment Station.

Other milk cases are ready for reporting at Paducah, Owensboro, Corbin, Covington, Newport, Jackson, Frankfort and other Kentucky towns.

There are some cases against druggists for short prescriptions, the investigation having been made by C. S. Porter, and L. A. Brown, in Louisville. These were cases where druggists have presented with prescriptions to be filled and in some instances there were substitutions. As a result of grocery inspection a number will be reported from Bowling Green, Lexington and other points. In these cases the grocers failed to label peaches, rice, lard and vinegar, which was labeled as adulterated by the wholesaler to the retailer, but not to the consumer. There will be eighty of these cases.

Mr. J. W. McFarlin, has prepared several cases over the State sometimes in Lexington, against turkey and chicken slaughter establishments.

Many inquiries are being made of the pure food and drug department of the Experiment Station about Municipal Abatteirs. Domestic Science and Women's Clubs and city officials are encouraging the building of a Municipal Abattoir, according to plans sent out in blue prints by R. M. Allen, of the pure food and drug department. Mayor J. H. Polsgrove, of Frankfort, and Mayor W. I. Taber, of Bowling Green, have made inquiries lately, and an especial effort on cleaning the meat houses of the State will be pushed in the next year.

A Des Moines man had an attack of muscular rheumatism in his sholder. A friend advised him to go to Hot Springs. That meant an expense of $150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by McAdams & Morford. ***

NO FURTHER STEPS IN THE ARSON CASE

Fire Marshal C. C. Bosworth last night said that there had been no new developments in the investigation of the cause of the fire in Professor F. Paul Anderson's office at Kentucky State University, since Sunday, when Ray Campbell's finger-print report was made.

Mr. Bosworth said that there was nothing further to give out at this time, and this was understood to mean that no warrants have been issued from the Fire Marshal's office as yet, although it is understood that the investigation is still on.

Assistants of the State Fire Marshal, it is said, have been very active of late and they are apparently doing everything in their power to get at the facts in the case of the mysterious fire at the university.

SEVEN-YEAR TERM CUTS DOWN RECRUITS

Recently Enforced Clause Has Tendency to Make Work Harder.

Recruits at the local recruiting office for the United States Army have fallen off during the last few days, and Sergeant W. J. Clark, head of the local agency, does not expect many more until after the holidays.

Sergeant Luther Claxton, of the Somerset station, which is under the control of the local office, visited the local station Monday.

Claxton came down to re-enlist in the service and fill in a few days return to Somerset to take up his work there. He has served six years in the army. He said that the recruits at Somerset had fallen off somewhat since December 1, because of the clause that called for a seven-year term, but that the numbers had grown during the last few days that he spent there.

NEGRO SLAYERS WILL HAVE HEARING TODAY

Jessie Williams and Fletcher Jones, both negroes, charged with murder, the former for the alleged killing of Lance Fisher and the latter for the alleged murder of Hugh Evans, were brought before Judge J. Percy Scott in county court and their examining trials set for hearing Tuesday afternoon at 2 o'clock. Both cases were sent up from the police court.

E. G. Martin, of Waddy, Ky., writes: "I inclose check for a gallon of Bourbon Poultry Cure. It is the best remedy for sick fowls that I have ever used. My neighbors all use it and praise it highly." Sold by DRAKE, RUCKNO & FISTER.

TWO SUITS FOR DIVORCE FILED IN CIRCUIT COURT.

In the circuit court Monday, J. Franklin Wallace filed two petitions for divorce. Alleging abandonment and the keeping of company with another woman, Essie J. Railey asks to be divorced from her husband, John H. Railey, who she says is residing at 617 Poplar Street. The couple were married in July, 1901, and separated in November, 1905. The court is asked to grant the decree upon the statutory ground of having lived separate and apart for more than five years.

In her petition, Mary E. Adams asks for divorce from her husband, Thomas Adams, on the ground of abandonment, and for restoration to her maiden name of Miss Mary Ellis. The couple were married in July, 1909, and separated the following month.

A DOCTOR'S PRESCRIPTION FOR ALL SKIN DISEASES.
